1200 Pennsylvania Avenue
Washington, DC 20460-0003

Dear Mr. McIntosh:

Enclosed, please find a copy of correspondence from my constituent Mr. (b) (6)

This individual has expressed some concerns about whether Maryland still receives federal funding for the Chesapeake Bay for testing automobile emission levels. I would appreciate it if you would carefully review their comments and provide a response to the concerns.

Thank you for your attention to this matter.

Sincerely,

John P. Sarbanes
Member of Congress

Subject: IMA MAIL ON Chesapeake Bay

John,

I remember back in 1974 the Federal Government would give money to the state of Maryland to help clean up the bay if we would put in the Emmission Testing Stations. These stations main purpose is testing automobiles for emmission levels.

What happend to the money for that funding and are we still getting it for the Chesapeake Bay from the Governemnt? Also where does the Maryland State Lottery money go to support Maryland?
